Introduction

The Bangladesh Olympiad on Astronomy and Astrophysics (BDOAA) Problem Booklet is a compilation of problems from the Regional and National rounds of the Olympiad, covering the years 2018–2026.

The booklet aims to preserve problems from previous editions of the Olympiad and make them accessible to students, educators, and astronomy enthusiasts.

বাংলাদেশ জ্যোতির্বিজ্ঞান অলিম্পিয়াডের সমস্যাসংকলনে স্বাগতম।

১. Positional Astronomy

২. Celestial Mechanics

७. Stellar Astrophysics
